LOCAL ITEMS.

Mr. R. B. Way has removed from over the post office to his new residence on First Street.

Mr. H. J. Montgomery, of Battleford, came down on the boat and will spend a few weeks in town.

Mr. A. W. R. Markley, travelling Inspector of the Confederation Life Insurance Co., came in on the boat.

M. De la Gorgondiere, wife and family, who have been spending some time at Edmonton, came down on the last boat.

Mr. Poyer, of Wm. Stohart & Co., has been removed to Duck Lake to take charge of the company's business there.

Mr. R. Gwynne left on the outgoing stage this week, for a trip east. Dick has got tired baching and will bring back his wife.

The annual meeting of the Saskatchewan Rifle Association takes place on the 23rd and 24th inst. on the police range, their own not being ready. In our last issue we omitted to add the Clarke and Hughes matches, the former to be shot off at 500 and 600 yards—Martini rifles, and the latter at 300, 400 and 500 yards, Snider rifles, the winner this year to become the owner of the handsome cup presented by Sheriff Hughes.

The secretary of the Saskatchewan R. A. received a challenge from the McLeod Rifle Association to shoot a match, each on their own ground, on September the 1st. At a meeting of the council of the association, held on Monday evening last, it was decided to accept the challenge, but that the date be fixed for the 18th inst., so that the association can avail themselves of the members who are in the police force and who leave for Saskatoon on the 27th inst. All arrangements were left in the hands of Secretary Brewster.

Capt. Moore, the old pioneer, father and protector of Prince Albert settlement, arrived in town yesterday after an absence of three years. At Duck Lake the valourous captain was severely wounded and after the rebellion was over he removed to his former home in Ireland, where he has been ever since. We give Capt. Moore a most hearty welcome and can assure him that the people of Prince Albert and district are very much pleased to see him among them once more.

The first meeting of the Lorne Agricultural Society, since it became a chartered institution, was held in the Council Chamber on Monday last. There were quite a number of farmers present but not as many as the directorate would have been pleased to see. Before proceeding to the election of officers for the balance of the year, Capt. Craig was called upon, as the society's delegate to Ottawa, to report as to the success of his mission. The captain's report was the same as has appeared in the columns of THE TIMES before. The members tendered their worthy delegate their hearty thanks after which the election of officers was then proceeded with and resulted in the return of the old board and five more names were added to the directorate, making fourteen in all. Dr. Porter announced that it was his intention to offer a medal for the best home made cheese manufactured in the district. The date chosen for holding the fair this year is about a week later than last and will be on Thursday, October 4th. The prize list and membership tickets will be issued at an early date.

Mr. W. A. Ducker, C. P. R. surveyor, arrived in town on Tuesday and is camped at Macdonald's. Mr. Ducker is out with a party of six, looking up and reporting on the lands in this district. He says this is as fine a section of country as there is in the Territories, and that our town—although he thought he knew it from hearing it often spoken about—is twice as large and a finer place than he imagined. He leaves to-day and will join his men southwest of Ratoche and will work through the Birch Hills to the Crotot River, when he will turn and work north and west to Prince Albert to Shell River, crossing the Saskatchewan here. He will be out until winter. Mr. Ducker said he could give no railway news.

CHIT-CHAT LOCALS.

Gathered by our Reporters.

Fine Japan and Congou tea at Walters and Baker's. A good black tea for 25c.

Mr. Indian Agent McKenzie was in town this week.

Mrs. Jardine and maid arrived on the stage this week.

Mr. T. E. Parker returned from Carleton a few days ago.

The farmers expect to commence harvesting operations next week.

The wet weather last week has seriously interfered with hay making.

Mr. G. Baker, brother of F. C. Baker, arrived in town on Saturday last.

Mrs. Swanson came in on the stage last Monday from Winnipeg, after a short visit to that city.

Mr. Wm. Shannon has gone to Winnipeg to purchase his stock of fall and winter boots and shoes, etc.

Walters & Baker always keep on hand, Sugar, Syrup, Flour, Bacon and Tobacco. A choice lot of the above goods received this week.

Mr. Agnew's new house on the hill has been completed and adds its quota to the numerous improvements to our town this year.

Mr. F. Baker was accidentally struck in the mouth with the ball, which loosened three of his teeth, while playing cricket on Wednesday.

Mr. T. Oram, proprietor of the Queen's Hotel, has been suffering from a severe attack of rheumatism, but is sufficiently recovered to be out driving.

Premier Greenway and Attorney General Martin, of Manitoba, are in New York negotiating with the Northern Pacific Railway authorities on railway matters.

Carrot River was visited a couple of evenings ago with a very heavy thunder storm, but without any more disastrous effects than knocking the chimney off Mr. Young's house.

Messrs. Hurd & Baker are erecting a building for Russell & Davis for a butcher shop, immediately west of their old stand. They expect to open business in the new stand in a few days.

Although the high winds and rainy weather was thought by some to be indicative of early frosts, we are glad to state that that foe of the farmers has not made its appearance yet.

We are pleased to know that the Hon. L. Clarke—who had been confined to his house for several days through illness—is sufficiently recovered to be out again and attending to the business of his company.

The police find that the cost of making their stockade of tamarac posts will be too great, so they have now decided to use pine and poplar and have issued an advertisement to that effect. See it in another column.

The steamer Northwest came down the river on Saturday last from Fort Pitt. She left again on Sunday morning taking with her Dr. McAdam and Mr. Yerex, of the New York Life Insurance Co., Mrs. and Freddy Stewart and Miss Hay.

We received by last mail a copy of Battleford's latest "long felt want," the Little Joker, published by Mr. D. L. Clink. The Little Joker's main object seems to be to show up the crookedness of all those who did not support him in the last election.

On Tuesday last Mr. A. M. McDermott, of Isle la Crosse, and well known here, was married to Miss M. E. Flett, daughter of Mr. Andrew Flett, of Prince Albert. Miss Flett was a member of St. Albans Church choir, from which she will be greatly missed, as well as by a large circle of friends and relatives. We offer our best wishes to the genial "Bob" and his bonnie bride.

Butter crocks of all sizes, also 100 sacks of fine dairy salt, of 50 lbs. each. Just what is wanted in the dairy. Walters & Baker are selling them.

NORTHWEST LIQUOR.

The Government have apparently decided to allow the sale of beer in the Territories, under certain restrictions. The beer may not be manufactured in the Territories, and must not contain more than four per cent. of alcohol. A fee of ten cents per gallon will be charged. In the permit it is stipulated that the hotel licensed must be able to accommodate twelve persons, each with a room, and must have stabling for five horses. That beer shall not be sold on Sunday, except at meals, nor to youths under fourteen years, nor to drunken or dissolute persons. Every importation of beer under these permits is to be first inspected by Inland Revenue officers in Winnipeg and also liable to inspection by the Northwest Mounted Police on its arrival in the Territories. The manufacture of hop beer will be prohibited. No permit or license to sell beer will be given to any hotel except on the recommendation of a member of the Local Assembly. There are some good features about this system which will commend it to the public. It will lessen the importation of whiskey and other strong drinks, and will kill the manufacture of the so-called hop beer which is now used in large quantities, and will we have no doubt relieve the Lieutenant-Governor to a great extent of what has hitherto been the most unpleasant part of his official duties. But the question arises and will readily present itself to all interested: If beer is allowed to be imported into the Territories and sold, why should it not be manufactured here? Under the present regulations all the money paid for beer will go out of the country, whereas if breweries were licensed it would remain, and there would be at once a large local market created for barley, a thing that is more needed than even the beer itself. There has been no reason given for prohibiting the manufacture of beer, but we presume it is done for the purpose of enriching Manitoba breweries at our expense. On the whole we believe that the licensing of good hotels to sell beer is a step in the right direction, and no doubt in due course we will be allowed to establish breweries. There appears to be

something wrong in granting a license to the Banff hotel to sell wines. The reason given is that it is necessary for the accommodation of people from the east who visit the place. Why should people from the east be treated differently from us in the North West? Should they not submit to the same laws? Or why not extend the same privilege, on the same grounds, to all other towns? Banff is not the only place in the Territories that is visited by eastern people. Some better reason than that is looked for, and must be given.

Latest advices from British Columbia are to the effect that the Skeena revolt has been quelled. The whole trouble appears to have arisen over the killing of an Indian by a constable in trying to make an arrest. There were no H. B. officers killed by the Indians as reported, but the Indians had some trouble among themselves, in which two of their own number were killed. Constable Green has surrendered himself to the authorities, and in accordance with the desire of the Indians will be tried at Hazelton C Battery deserves great credit for the promptness with which they arrived at the scene of the trouble.

At the invitation of his friends at Batoche, Mr. Macdowall this week addressed a meeting of the Metis there. We have not been able to get a full report of the meeting, but are informed that all present were satisfied with Mr. Macdowall's conduct as their representative. Some of the Metis who took an active part in the rebellion expect that they should be paid by the Government for destroying their own property in 1885, and claim that they have other rights to get; among other things they claim scrip for all children born up to March, 1885. We believe there is reason in the last demand and hope to see the matter finally settled one way or the other at an early day.

Public School Inspector the Rev. Canon Flett is holding an examination of teachers in the public school. The following candidates are writing:—Second class, Mr. T. W. Campbell; third class, Miss Marion Willson, Miss R. McGregor, Miss Lizzie Cameron, Miss A. C. McGregor, Miss A. Thompson and Messrs J. McTaggart and J. M. Williams.

TERRITORIAL NEWS

BATTLEFORD.

From the Herald, July 31.

The injury to the Battle River bridge caused by the current cutting away the sand from beneath one of the mudsills has been repaired. The river is several feet higher than when the bridge was built and higher than it has been at this season of the year for six or seven years.

Deep water on the rifle range compelled the police to abandon their shooting drill on it. They had recourse to a range in rear of the Industrial School, where they finished up their practice.

Const. Higgins had his collar bone broken on Tuesday under peculiar circumstances. He was leaning on the corral watching the herders trying to catch some horses. Most unexpectedly one of the animals tried to jump the fence close to where Higgins was standing, and the top rail was broken and thrown against his shoulder with the result above stated.

QU'APPELLE.

From the Progress, July 26.

Mr. and Mrs. Dewdney and Hayter Reed came down from Regina on Saturday last and went north to Touchwood Hills. They are expected to return this evening.

EDMONTON.

From the Bulletin, July 21.

A severe hail storm on Wednesday afternoon cut down some crops in this vicinity. Very heavy rain and high winds accompanied the hail. Fortunately the storm was narrow and it passed where settlement was not close.

CALGARY.

From the Tribune, Jan. 18.

Sunday night the heaviest rainstorm of the season came down. It was accompanied by small hail and slight wind. The storm lasted about an hour.

Father Lacombe tells us that he has word of a very serious hail storm which occurred at the Blackfoot Reserve on Sunday night. The growing crops were greatly damaged, if not wholly destroyed. The hail stones were so large as to knock several Indians down who ventured from under covering.

His Worship Mayor Shelton has called a public meeting to be held in the fire hall on Thursday evening at 8 o'clock, to take into consideration and discuss the liquor question.

Const. Dennis, of the N.W.M.P., who was arrested on Saturday for being intoxicated and resisting arrest, was tried before Capt. McIlree. He was fined one month's pay and sentenced to one year at hard labor.

The principal topic of conversation in Banff to-day was the announcement of the granting of a license to the Banff Springs Hotel. It appears that the license is similar to the one given the C. P. R. dining cars and allows the hotel to sell wines and malt beverages to its guests. The price of the license has not been authoritatively announced, but it is understood to have been very high.

REGINA.

From the Leader, July 31.

Commissioner Herchmer arrived this morning from Ottawa.

Mr. A. Downey's crop is one of the finest in Canada.

Twelve farmers have received the M. Police hay contract at the rate of \$3 per ton all round. The tenders ranged from \$7 to \$10.

The crops could not look better. A splendid soaking rain on Friday morning improved the face of nature wonderfully. They had it at Craven, and all the way south to Regina. Very little, however, fell in the west.

Mr. Hayter Reed has been visiting the File Hills reserves, where he found the Indians in satisfactory condition. Their crops are very fine. The Commissioner made arrangements for the establishment of a school there.

A Mounted Police deserter named Johnston was corralled at Brandon last Wednesday.

During a ten minutes gale in Eastern Assiniboia on Sunday night a partially finished hotel at Whitewood was demolished. When the train started from Wapella the hurricane halted it short and drove it back into port.

The Board of Trade has received its certificate of incorporation from the Secretary of State.

Magnificent weather.

At a meeting held on Friday afternoon the Regina branch of the Dominion Rifle Association was formed, with President, D. Mowat and Secretary Stenshorn as officers. Lieut. Col. Bacon, of Ottawa, has been written to for rules, etc.

FORT MACLEOD.

From the Gazette, July 25.

D Division, N.W.M.P., has received orders to remain in British Columbia for the present. Some Indians which the American Government are trying to settle on the Flat Head reservation are giving some trouble, and the Police will remain there until it is over.

For several evenings during the past week severe storms could be seen raging in the vicinity of McLeod, but none of them touched us. On Friday evening last a terrible storm visited the country east of here. It swept past a few miles north and east of McLeod, and struck Kipp and Lethbridge, and the line east of that place. The storm consisted of hail, wind and rain, all three being very severe. The storm is said to have been the worst experienced in this part of the country for years.

A FRIGHTFUL SKIN DISEASE

Sufferings intense—Heard Nearly Raw—Body Covered with Sores—Cured by the Cuticura Remedies.

Messrs. Stevens & Bruner, Monroe Co.

DEAR SIR,--About two months ago, on your recommendation, I bought a bottle of CUTICURA RESOLVENT, one box CUTICURA SOAP, and one box CUTICURA OINTMENT, for my son, aged thirteen years, who has been afflicted with eczema for a long time, and I am pleased to say that I believe the Remedies have cured him. His sufferings were intense, his head being nearly raw, his ears being nearly gone except the gristle, and his body was nearly covered with sores. His condition was frightful to behold. The sores have now all disappeared; his skin is healthy, eyes bright, cheerful in disposition, and is working every day. My neighbors are witnesses to this remarkable cure, and the doubting ones are requested to call or write me, or any of my neighbors.

GENTLEMEN,--Mr. Wm. S. Stephenson of this county brought his son to town to-day to let us see him and to show us what CUTICURA Remedies had done for him. We have written and here with inclose what his father has to say about the matter--wrote it just as he dictated. We are selling quite a quantity of CUTICURA Remedies, and hear nothing but praises for them. We regard the CUTICURA Remedies the best in the market, and shall do all we can to promote their sale.

CRICKET MATCH

On Wednesday afternoon last the P. A. Cricket Club and F Division Cricket Club again tried conclusions with the willow. The P.A. club could hardly get enough players together as there had been very little practice since the last match, and everyone thought it would be an easy victory for the police, but the latter's star was not in the ascendant that day, not that they played at all badly but every chance given by them was secured by the civilians. The fielding of the P. A.'s was remarkably good with few exceptions. Way gathered in a very difficult ball and also every one that came within running distance; their batting was good considering the few practices they had, and the bowling of Bird, Agnew and Parker was very effective. The police were in fine trim and had quite a bit of practice since the last match. They are a splendid team, can bat and field in fine style, and although they did not win the game they played without a fault both at the bat and in the field; their bowlers Gawne and Douglas deserve special mention. We must commend the police boys on the neat and tasteful get-up of their dress and F Division have something to be proud of in their cricket team. Only two of the players, during the day, batted into double figures—McKay, of the P. A.'s, and Staff-Sergt. Parker, of F Division. Const. Perry has a good grip on the prize bat, he having an average of nine and two-thirds runs; Sergt. Parker next with seven runs. The following is the score:—

F DIVISION C. CLUB.			
1ST INNINGS.	2ND INNINGS.		
Harper, c Way	6 c McKay	6	
James, b Bird	0 b Agnew	1	
Parker, run out	1 b Bird	1	
Perry, c & b Agnew	0 b Bird	12	
Baker, c Parker	1 b Parker	0	
Dewdney, fouled ball	1 b w	5	
Powers, b Parker	0 b Bird	4	
Donaldson, b Bird	3 not out	1	
Douglas, c Way	5 b Parker	0	
Gawne, not out	0 b Agnew	1	
Aske, b Bird	3 c Way	8	
Byes	2	1	
Leg Byes	4	1	
Wide Balls	1	1	
Total	29	59	
Grand Total	79	59	

From the above score it will be seen that the P. A. C. Club are the victors by one run and three wickets.

Mr. Geo. Northgraves and Constable Warren performed the arduous duties of umpire very satisfactorily.

LOCAL NEWS.

Permits are now being issued to all hotels in the Northwest with a capacity of twelve bedrooms and stabling for five horses, to import and sell beer containing four per cent of alcohol. The Government is to receive a duty of ten cents per gallon. Druggists have been granted temporary permits for brandy to be issued on a doctor's certificate.

The Canadians shot for the Kolapore Cup at Wimbledon against England, Jersey and Guernsey. England has won the cup thirteen times and Canada four times. The English commander acknowledges that the Canadians were heavily handicapped, as he has the pick of thousands, whereas the Canadians have only twenty to choose from. The strongest English team possible to select made 687 at the three ranges, Canada making 674. The Jersey team made 665, and Guernsey 609. The day before the match the Canadians, at a trial at the same ranges, compiled the magnificent total of 717, but the mirage favored the English at the match.

INTERESTING TO PARENTS.

Mr. Robt. Laidlaw, of the Ottawa Free Press, says: Our babe was so choked up she could hardly breathe. In fact at one time we feared she would choke to death. Respiration became more difficult every minute, for which we could get no relief by the usual remedies formerly used. Having a bottle of Nasal Balm in the house my wife suggested trying it, and in twenty minutes from the first application the child was sleeping and breathing easily, and in twenty-four hours not a sign of trouble remained. It is an invaluable remedy for children as well as grown people.

TOWN COUNCIL.

The Town Council held a regular meeting on Monday evening last. His Worship Mayor Bain presiding. The councillors present were: McPhail, Stewart, Agnew, Knowles and Davis.

COMMUNICATIONS.

An application was read from John McTaggart for the town collectorship; from C. James, Regina, asking the consideration of certain amendments to the Municipal Ordinance; from the Rev. Mr. Howard, asking a grant to the Lorne Agricultural Society. Six applications were made for sacon, and livery stable licenses and granted.

Several accounts were presented and referred to the proper committees.

REPORTS.

Coun. Stewart, chairman of the Fire, Water and Gas Committee recommended that Jas. Moffat's tender, amounting to \$148 50 for a tank and \$74 70 each for two platforms be accepted. A number of amendments to this report was moved and lost, when a final motion made by Couns. Davis and Stewart that the committee be instructed to proceed with the building of one tank and platform, was carried. Couns. Agnew and Knowles voted nay.

Chairman McPhail, of the Finance and Assessment Committee presented a very careful report showing the amount required for the current year and available assets, and also recommended that a rebate of five per cent. be made on all taxes for the current year paid before the 1st of October and that ten per cent. be added to all taxes unpaid after 1st of December.

The report of expenditure incurred by the delegates to Ottawa was laid on the table.

MOTIONS.

Coun. Knowles moved and Coun. Agnew seconded that the resignation of D. Williamson, as constable, be accepted.

On motion of Couns. McPhail and Davis the Mayor and Coun. Agnew were appointed to consider the communication of C. James and report at the next meeting of the council.

Moved by Coun. McPhail and seconded Coun. Davis that the sum of \$200 be granted the Agricultural Society on the condition that it go towards the erection of permanent buildings and to be paid when the buildings are commenced. Couns. Agnew and Knowles voted nay.

The Mayor was instructed to see the license inspector with reference to the performance of his duties.

By a unanimous vote of the council the mayor was authorized to telegraph the Hon. E. Dewdney the congratulations of the council on his appointment as Minister of the Interior.

The rate for taxes was struck as follows:—For general purposes, four mills on the dollar; for schools, two and one-half; for Catholic separate school, seven and one-half.

Several by-laws received the second and third reading.

The Council adjourned at 11:30.
